Priority area 3: Effective use of learning assessment data to inform policy and planning

- Targeted challenges:

- Capacity of national assessment agency to analyse and communicate the data effectively to policy-makers
- Awareness and effective integration of reporting of large-scale assessment results in the policy and planning process
- Lack of information loop between large scale assessments and policy and planning.

- Suggested topics:

- Explore the possibility to organise capacity building workshops to analyse the learning assessment data and communicate the results to inform policy and planning
- Research to identify the gaps in terms of data availability on learning outcome in Asia-Pacific
- Knowledge sharing and research about promising practices to enhance the effective use of learning assessment data to inform policy and planning.

Exploratory theme: use of AI to enhance assessment in Asia-Pacific

- Suggested sub-themes:

- The use of AI to enhance classroom level assessment practices: towards more personalised assessment and learning
- AI, machine learning and the next frontier in large scale assessment
- Developing AI competencies including GenAI-related skills for learners and teachers

- Exploratory activities:

- Mapping of good practices
- Mapping of on going projects and research
- Knowledge sharing
- Research

OBJECTIVES FOR TODAY

- **IDENTIFY AND AGREE** on the priority areas of work for 2024
- **SUGGEST** possible activities to be carried in relations to the priority areas
- **VOLUNTEER** to lead on some of the activities and priority areas
